

TAPES FOR EVERY IMAGINABLE DISPLAY

- Ease of use for speed of assembly and production
- Clean, easy removal to frequently interchange graphics
- Initial tack and shear strength for bonding different substrates
- Add depth and dimension to create 3D effects
- Gap filling and conformability to adhere irregular or curved surfaces
- High bond strength for permanent bond to hold weight overtime
- Even distribution of stress minimizes wear and tear
- Seamless bond creates more aesthetically pleasing display
- More efficient to apply than screws, welds and rivets

- ✓ Corrugated Displays
- ✓ Counter Displays
- ✓ Gondolas
- ✓ Display Packaging
- ✓ Signage
- ✓ And More!

BOND A VARIETY OF SUBSTRATES
 wood • plastic • paper • metal •
 glass • cardboard • and more!

Bring Displays to Life to Catch the Customers

Duraco is an industry-leading manufacturer of permanent and removable tape products for the point-of-purchase (POP) and signage industry. To accommodate displays which come in all sorts of sizes, shapes, forms, and life cycles we offer 1500+ tape products to effectively aid in the assembly of displays from design to finished production. Duraco tapes assist by bringing displays to life by highlighting products that prospective customers want to engage with.
